Layer 1

Layer 2

A diagram of a keyboard layout. The keys are arranged in a grid. The top row includes keys with symbols: a downward arrow, a question mark, an apostrophe/underscore, and a tilde/asterisk. The second row includes keys with symbols: a dollar sign, a degree symbol, a hyphen/underscore, and a double quote/underscore. The third row includes keys with symbols: a downward arrow, a question mark/less-than, a hash/number, and a degree/caret. The fourth row includes keys with symbols: an ampersand, an opening parenthesis, a forward slash/backslash, an empty box, and a downward arrow. The fifth row includes keys with symbols: a downward arrow, a closing parenthesis, a downward arrow, a downward arrow, and a downward arrow. The sixth row includes keys with symbols: a downward arrow, a downward arrow, a downward arrow, a downward arrow, and a downward arrow. The seventh row includes a 'Mode' button with a left arrow and a downward arrow.

The diagram shows two versions of a calculator keypad layout. The left version is a standard 12-button keypad with symbols: /, 7, (, 8,), 9, +, /, !, 1, ", 2, §, 3, -, =, 0, \$, 4, %, 5, &, 6, *. The right version is a simplified layout with 15 buttons, all containing a downward-pointing triangle symbol (▽), arranged in a similar grid pattern.
